## We Design, Manufacture and Engineer Our Laptops

Committed to quality, reliability and durability, we are the only major laptop manufacturer with the ability to write our own BIOS, develop, engineer, manufacture and extensively test laptops in-house to optimize system components found only on a Dynabook.

## Intelligent Protection

Dynabook armed this laptop with advanced security elements including the company's proprietary BIOS, TPM 2.0, optional smart card reader as well as the all new Dynamic Privacy Screen Technology and Webcam Privacy Shutter. The laptop can be configured with an integrated IR camera for face authentication and a Synaptics' SecurePad™ with integrated fingerprint reader.

**Windows 10** Secured-core PC<sup>6</sup>

The Portégé X40-G meets the Windows 10 Secured-core PC requirements and gives Dynabook one of the industry's largest collection of highly secure laptops on the market. Dynabook designed these laptops to incorporate the latest Intel® CPUs available, advanced identity protection and the robust Windows 10 to help ensure resistance to current and future cyber-threats. Secured-core PCs are the most secure Windows 10 devices out-of-the-box.

## MIL-STD-810G Strong

This laptop passes the U.S. Military (MIL-STD-810G) standard testing methodology, which includes military-grade altitude, drop, dust, extreme temperatures, humidity, shock and solar radiation to demonstrate the laptops' strength and durability.

**+care**<sup>SM</sup>  
+Care Service<sup>SM</sup> Warranty with On-Site

Available for three years on featured configurations or four years on Build-to-Order models. +Care Service Warranty<sup>4</sup> with On-Site is Dynabook's premier standard warranty designed to keep your business moving forward. We engineer our laptops to provide years of worry-free productivity and back them with the peace of mind of our +Care Service Warranty. In addition to multi-year warranties, Dynabook customers also get access to the organization's service and support network should you ever need it.

**35** YEARS  
of  
INNOVATION

Dynabook's proud 35-year legacy of laptop innovation and excellence means Portégé X40-G is engineered to outperform all your expectations, serving as your reliable productivity partner for many years to come.

## Platform Specifications and Configurable Options\*

### Operating System

Windows 10 Pro

### Processor\*

10th Generation Intel® Core™ Processor

- i3-10110U (2 Cores, 4M Cache, up to 4.10 GHz)
- i5-10210U (4 Cores, 6M Cache, up to 4.10 GHz)
- i7-10510U (4 Cores, 8M Cache, up to 4.90 GHz)
- i7-10710U (6 Cores, 12M Cache, up to 4.70 GHz)

### Graphics

Intel UHD Graphics

### Memory\*

Configurable up to 32 GB, supporting dual-channel

- DDR4 memory
- Two DDR4 SODIMM slots

### Display\*

14.0" HD 200 nits anti-glare display (1366 x 768)  
 14.0" FHD 400 nits anti-glare TruBrite® display with  
 Dynamic Privacy Screen Technology (1920 x 1080)  
 14.0" touchscreen FHD 300 nits anti-glare  
 display (1920 x 1080)

### Storage\*

M.2 PCIe NVMe SSD up to 1 TB  
 M.2 PCIe NVMe SSD up to 1 TB with Intel Optane™  
 Technology

### Camera\*

HD 720p Webcam  
 Optional Infrared IR camera

### Communications

Intel Wi-Fi 6<sup>3</sup> AX201, 802.11ax  
 Bluetooth™ 5.1

### Audio

harman/kardon® Stereo speakers  
 DTS Audio Processing  
 Dual-array microphones

### Ports

HDMI®  
 USB 3.2 Gen 1 port (supporting USB Sleep &  
 Charge)  
 Two (2) USB-C 3.2 Gen 2 ports (supporting  
 power, display, Thunderbolt™ 3)  
 Headset jack (microphone / headphone  
 combo port)  
 microSD™ card slot

### Security\*

Trusted Platform Module (dTPM) 2.0  
 Optional Fingerprint Reader  
 Optional Smart Card Reader  
 Webcam Privacy Shutter  
 Security Lock Slot

### Input Devices

Premium raised-tile, spill-resistant, backlit keyboard  
 AccuPoint® pointing device  
 ClickPad multi-touch touchpad pointing device

### Battery

Integrated Li-Ion 48 Wh battery  
 Up to 12 hours battery life rating<sup>5</sup>

### Physical Description

Magnesium Alloy chassis  
 Onyx Blue Metallic  
 Designed to pass MIL-STD-810G testing  
 methodologies  
 Dimensions:  
 • 332 x 228.9 x 16.9 mm (13.1 x 9.0 x 0.67 inches)  
 Weight:  
 • Starting at 1.25 kg (2.76 pounds)<sup>1</sup>

### Regulatory / Environmental Specifications

EPEAT® Rated  
 ENERGY STAR® Qualified  
 ROHS compatible

### Warranty<sup>4</sup>

Build-to-Order Configurations:  
 • +Care Service Warranty 4-Year with On-Site  
 Featured Configurations:  
 • +Care Service Warranty 3-Year with On-Site

Information including without limitation product prices, specifications, availability, content of services, and contact information is subject to change without notice. All rights reserved.

1. Weight. Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected.
2. Display. The IGZO display is only available on the Full HD configuration.
3. Wi-Fi 6. Wi-Fi 6 (802.11ax) WFA certification is not yet available. Intel® Wi-Fi 6 AX200 Module will be delivered as a pre-certified solution.
4. Warranty. Dynabook's standard limited warranty terms and limitations apply. Visit [www.support.dynabook.com/warranty](http://www.support.dynabook.com/warranty) for details.
5. Battery Life Rating. (Notebook) Measured by MobileMark® 2014 for models preinstalled with Microsoft® Windows 7 or Windows 10. Benchmark rules for MobileMark® 2014: Wireless connectivity = On, Predefined updated workloads. Details of MobileMark® 2014 testing protocols are available at [www.bapco.com](http://www.bapco.com). MobileMark is a U.S. registered trademark of the Business Applications Performance Corporation. Rating is for comparison purposes only, and does not indicate the battery life that will be obtained by any individual user. Actual battery life may vary considerably from specifications depending on product, configuration, applications, power management settings and features utilized, as well as the natural performance variations produced by the design of individual components. The battery life rating is only achieved on the select models and configurations tested by Toshiba under the specific test settings at the time of publication and is not an estimate of a system's battery life under any conditions other than the specific test settings. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries.
6. Windows 10 Secured-core PCs. Requires a specific configuration to the meet Microsoft's Windows 10 Secured-core PCs requirements.
