- 720p High-Definition Webcam
- fTPM security
- Dual-Microphones w/ Noise Supp.
- Large ClickPad: 6.2" diagonal
- Narrow Bezel Design
- Anti-Microbial Coating
- Long Battery Life Rating

WHY IT WINS

NO-COMPROMISE STYLE, PRODUCTIVITY & VALUE

The Satellite Pro C50™ is powered by a 10th Gen Intel® Core™ processor, high-speed DDR4 memory and an ultra-reliable solid-state drive combined to provide enhanced productivity and performance scaling for demanding workloads while delivering uncompromising battery life.

DESIGNED TO LOOK THE PART

A smartly priced, professional-grade laptop with executive looks, the stylish, dark blue Satellite™ Pro C50-H is just 19.7mm thin and weighs only 3.88 pounds¹ (1.76kg). The laptop also incorporates an EPA-approved antimicrobial paint additive called IONPURE® IPL2 which is applied to certain laptop surfaces to inhibit the growth of bacteria. Featuring a large 15.6-inch anti-glare display with a thin bezel allows the laptop to maintain a compact footprint.

MAKES ANY ENVIRONMENT YOUR WORKSPACE

It may be compact, but the Satellite Pro™ C50-H comes fully loaded with connectivity. Its USB Type-C® 3.2 port supports charging, external display and data transfer. The laptop features an HDMI port for easy sharing on external screens, while fast and reliable Gigabit LAN and 802.11ac Wi-Fi® enable effortless network access. To quickly swap files or connect peripherals, the Satellite Pro C50-H features an SD card reader, a pair of USB Type-A ports and built-in Bluetooth®.

BE THERE WITHOUT GOING THERE

Seamless communication is more critical than ever and the Satellite Pro™ C50-H is ready for action! It comes with everything needed to video conference, including an HD webcam, noise-canceling, beamforming microphones and stereo speakers. Or connect a headset via the laptop's Bluetooth or microphone/headphone combination jack.

SECURITY YOU CAN TRUST

Peace of mind comes standard with the Satellite Pro™ C50-H. Security features such as firmware-based Trusted Platform Module 2.0 along with user and administrator password access help keep valuable data out of the wrong hands. At the same time, a built-in security lock slot can be utilized to deter physical theft.

1. Weight. Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. 2. Antimicrobial. IONPURE® IPL (EPA Reg. No. 731148-3) is an EPA-approved antimicrobial substance designed to be incorporated into various materials to help them inhibit the growth of bacteria. IONPURE IPL is incorporated into the paint applied to the Dynabook lid cover, palm rest, display bezel and bottom casing. The antimicrobial properties do not protect users or others against bacteria or other disease organisms.
