

DID YOU KNOW ABOUT THE EMERGENCY CONNECTIVITY FUND (ECF) PROGRAM?

Are you aware the [Emergency Connectivity Fund](#) (ECF) went live on June 29? If you have students in a remote/hybrid capacity without access to internet or adequate devices and qualify for support under E-RATE Program, then your district may be eligible for this program. Dynabook has the technology your school needs to keep students and teachers connected through laptops that meet ECF requirements. One such device that qualifies and is available to ship is Dynabook E10-S. The 11.6" device was designed for remote and hybrid learning and is the perfect tool for empowering students with their schoolwork.

Student-Proof Durability

With its sleek, slip-resistant design and protective rubber bumpers, and keyboards with mechanically anchored keys, the compact and lightweight Dynabook E10 was built to endure the bumps and bruises that come with daily student usage.

Classroom Collaboration From Anywhere

With Wi-Fi®, an HD webcam, stereo speakers and a dual beam-forming microphones with noise suppression, the Dynabook E10 allows students to learn and collaborate with their classmates face-to-face, even when not in the classroom.

If you are not aware of the ECF Program and how to apply, and would like information on these devices, please contact your Dynabook representative today. **Deadline to file is August 13, 2021.**
