- 2 x USB Type-C
- Thunderbolt 4
- HDMI
- 2 x USB Type-A
- Ethernet LAN
- microSD slot
- Thin and Slim: 17.9 mm
- Optional IR Camera
- Lightweight: 2.0 pounds¹
- Backlit Keyboard
- Fingerprint Reader
- 720p HD Webcam
- Webcam Privacy Shutter
- Dual-Microphones
- TPM Security
- Secured-core PC
- Narrow Bezel Design
- 53 Wh Battery

WHY IT WINS

UNBELIEVABLY LIGHTWEIGHT

The hyper-light Portégé X30L-J was engineered to deliver unrelenting performance from literally anywhere. With a thin and light, mystic blue, magnesium alloy chassis, it's not only stylish but weighs a mere 906 grams.¹

LIMITLESS PERFORMANCE FOR UNPARALLELED PRODUCTIVITY

With 11th Gen Intel® Core™ processor options, the Portégé X30L-J delivers a performance boost and enhanced efficiency afforded by Intel's all-new 10nm processor architecture. Configurable to up to 48GB of dual-channel memory and reinforced with ultra-fast SSD storage (up to 1TB), Wi-Fi 6 and Thunderbolt™ 4, the Portégé X30L-J makes short work of even the most complex tasks.

NEXT-LEVEL CONNECTIVITY

Beyond its ultrafast USB 4.0 Type-C ports with Thunderbolt™ 4 functionality, the Portégé X30L-J features a mix of full-size ports, including ethernet, HDMI and USB-A (with Sleep & Charge) for seamless, adapter-free wired connectivity. Dynabook offers docking solutions that seamlessly connect multiple external displays, as well as a variety of other USB and USB-C accessories with a single cable connection.

SERIOUSLY SECURE

As a Secured-core PC featuring a mix of hardware, firmware, software and identity protection technologies, the Portégé X30L-J is among the most secure Windows PCs in the world. Dynabook is the only major laptop brand that writes its own BIOS, providing an incredibly secure foundation. Further bolstering security, it is also equipped with face biometric recognition.

LIGHTER THAN LIGHT, STRONGER THAN STRONG

The Portégé X30L-J was engineered to pass MIL-STD-810G standard testing methodology for strength and durability. Its high-strength magnesium alloy chassis is tough, durable and offers optimal protection against accidental damage.
